## Chamber Chatter

By IRENE GROVE

June 10 to 20 has been named Albany Clean Up, Fix Up Week by the Albany City Council.

A Clean Up, Fix Up, Paint Up Campaign not only makes living more pleasant but it is the key to a more profitable future. As a community improves in appearance, health hazards are reduced, and fire losses go down, it will be apparent to all that our citizens are progressive and civic minded. There will be an increase in economic activity... visitors and newcomers will be attracted to our city. It is good business for everyone of us and an investment for the future.

The success of this important project depends upon each one of us... the city officials are cooperating by allowing individuals to dispose of all accumulated debris at the former Albany City Dump... to be removed later by city trucks to the Berkeley Dump.

THERE WILL BE NO PICK UP at the curb by city trucks as in former years... it is up to the individual citizens to dispose of their clean up debris themselves. In special "hardship cases" arrangements will be made... a special call is going out to all Albany organizations to provide volunteer help and equipment. Watch for more details next week!

## Circus Benefits Albany Children

Children's Hospital sponsorship of the circus is one way of financing the part-pay program began in 1958, according to Mrs. Francis A. Knapp of Berkeley, general chairman of the hospital's 76 branches. Their combined members of 3,500 women agreed that one of the best ways to earn money to help children get well and stay that way was by providing exciting entertainment for children of all ages.

Albany members of Elm Branch, as well as members of other branches who live in Albany, all have tickets for sale for the seven performances of the 1960 circus, which is again being produced by Polack Bros. Show time is 3 p.m. and 8:15 p.m. on Thursday, Friday and Saturday, June 9, 10 and 11, with one Saturday morning performance at 10 o'clock. Circus tickets may also be ordered direct from the office of the Branches, 731 52nd Street, Oakland 9.

## COURT WRIT THREATENS COUNCIL RULING

The City of Albany is scheduled to appear before Superior Court Justice Mosbacher in Department One, in Oakland, on June 9 — a week from tomorrow — to show cause why a building permit should not be granted to the Berkeley Lee Volkswagen firm to permit construction of a parking lot adjacent to Adams Street. The council granted a permit for a parking lot last January, and its decision was upheld in a referendum vote April 12.

Early last week the automobile firm obtained a writ of mandamus from Judge Mosbacher ordering Albany City Engineer John H. Wright to grant a building permit, which he had refused to do on advice of City Attorney Foley. The matter is quite involved in view of the fact that a variance had been granted by the council changing the zoning of the 25 foot easterly section of the property from second residential to light commercial for an addition to present structures, while a use permit was granted for the westerly remainder with a 50 foot frontage on Adams Street.

Referendum petitions were voted on at the April 12 city election and while the voters approved the parking lot use permit, they turned down the proposed change in zoning for the 25-foot by 50-foot easterly section, technically isolating the proposed parking lot property.

Mayor Zahn announced that the city would appear in court to present its side of the case, and the matter was to have come up for discussion at the council meeting last night.

Other matters on last night's agenda included:

Proposed light on Cleveland Avenue, north of Arthur Street. Concerning the dispute with the Highway Department over the reopening of Arthur Street.

Proposed agreement between the City of Albany and the City of Berkeley regarding renewal of an agreement concerning the traffic school.

Public hearing on Request of Michael Edelstein of 937 Pierce Street, for waiver of setback from 10 to 6 feet for a kitchen extension.

Report of Councilman Cirmeli on Accusation of insubordination at Terrace Park. (Held over from previous meeting).

Discussion by Councilman Blank on amendment to building code to allow covered patios and cabanas within sideyard and rear yard setback with use permits.

## 'The New American' Will be Televised On Sunday, June 5

A dramatic and relevant story called "The New American" will be televised Sunday, June 5 at 10:30 a.m. on Channel 5. It is the voice and reality of youth who find something new and more exciting than their old gang life. They discover the answer to delinquency, division and Communism.

"The New American" was written and produced at the Moral Re-Armament World Assembly at Mackinac Island, Michigan, by a group of teenagers and college students from their own experience. The demand for performances of the play was so great in schools and on military bases that it was made into a film for television. It was featured at the International Police Chiefs' Convention in New York. Thousands of viewers have laughed, squirmed and found new hope for their country. It has been shown from Alaska to Cyprus and Kera'a in India. It is the kind of film we can export with pride.

The first performance of "The New American" in Northern California is being given as a public service by station KPXK.

### East Bay Has More Telephones Than Ever Before

There are more telephones in the East Bay than ever before, according to Pacific Telephone Division Manager R. E. Flynn.

At the end of 1959 there were some 374,000 phones here. This is an increase of 9 per cent over the 319,000 telephones here in 1954, Flynn said.

The total number of calls has gone up too, he said. In 1954 1,399,000 calls were made here each day. Last year 1,747,000 were placed, for a jump of 25 per cent.

Pacific Telephone's taxes have also risen over the last five years. Last year the phone company paid city and county ad valorem property taxes within the limits of Alameda, Albany, Berkeley, Emeryville, Oakland, Piedmont and San Leandro to the tune of \$5,227,000. This is 66 per cent more than was paid out in 1954.

### LETTERS TO THE EDITOR

May 24, 1960

Albany Times  
Albany, California

The City Council at the regular meeting held last night asked me to express thanks and appreciation to you for your cooperation and assistance in securing the names of those who had not registered for the United States Census.

While we did not secure as many as we had hoped we feel every one counts.

Once again thanks for your help.

Very truly yours,  
KATHE S. ZAHN  
Mayor of the  
City of Albany

Flynn added that 5,700 phone workers here bring an annual payroll of \$31,920,000.

## ARE BANKERS HUMAN?

Those at "MECHANICS" are, so much so in fact that they don't even look like bankers much less act the part. In other words they're people just like the rest with all their virtues and faults. That must be the reason why so many like to do business there. We hope so, for we just can't help being what we are. We hope you are the same. — Your "HUMAN" BANKERS — "MECHANICS".
